Past Presidents Book Project

As of last autumn, some 33 of our past presidents from 1920 to 1974 had yet to be honoured with donated books. With the assistance of the University's Libraries staff, we have matched some 33 titles to Past Presidents at a cost of \$4,725. This exceeds the balance available in our trust account with the APEGM Foundation of \$4,166. With this shortfall, plus funds to honour the five Past President of the years 2015 through 2020, we are seeking \$1,300 in donations to keep our account for this initiative in the black.

My contribution today to the Past Presidents' Book Project is:
